Have you ever wondered how much drugs would cost, if we weren’t such idiots about it? And if drugs cost very little, then there wouldn’t be any money in smuggling them, now would there? And if there were no money in smuggling them, then the drug cartels would go broke.

But is that any worse than what I do, which is to deny God’s judgment of the world? Is my own ambiguity about God’s ability and willingness to judge humanity any less limiting than the conviction that the Rapture will happen?

What's your number? cymbalta buy cheap July 16 (Reuters) - New York's top financial regulator is examining whether to let two insurers with links to investment firms buy annuity businesses, perhaps imposing requirements to cut potential risks to policyholders, people familiar with the matter said.
